FIVDB ICT Centers : A brief account of the programme

Introduction:

- FIVDB started its ICT program with technical and financial support from UNESCO, Dhaka in 2006.
- FIVDB established its last ICT centre in Kandigaon union of Sylhet Sadar Upazillas in 2012.

Khagamura ICT Center

- Khagamura ICT centre started as a part of community resource centre (CRC).
- This CRC was the combination of :
 - a library
 - a tailoring and embroidery coach in centre
 - agricultural training facilities along
 - an ICT centre.

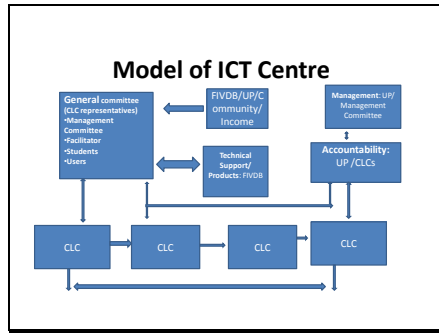

Slide 3

Piloting ICT Centers under Jonoshilon

In 2010 FIVDB developed a model for sustainable ICT centers. Representatives from 100 community learning centers took part in developing the model.

Community ownership was the main consideration from FIVDB's part. Communities considerations were

- The organizations
- The infrastructures
- Management
- The Products
- Technical support
- Cost recovery

Successful Centre in line with the Model

□ Joynagar, Borojuri, Kandigaon and ghoramara ICT centers are running well according to the model as the cases of successful community run ICT centers and have every chance to sustain.

Conclusion

FIVDB ICT center team is discussing 3 alternative models for future ICT centers.

- Charitable ICT centres run by NGOs or CSR
- ICT based CLCs
- ICT centres run by the Union councils
